

PRINCE2 AGILE FOUNDATION

Overview

The PRINCE2 Agile Foundation certificate is designed to help professionals deliver agile projects by tailoring PRINCE2 management controls with a broad toolset of agile delivery techniques and frameworks.

Who Should Attend?

- Agile professionals, project managers and aspiring project managers who want to be able to combine PRINCE2® and Agile in the most effective way when using PRINCE2®, Agile behaviours, concepts, frameworks and techniques.
- Key delivery team staff, including: product owners, Scrum Masters and developers.
- Business professionals with an interest in iterative and incremental project delivery through collaborative working.
- anyone who delivers projects, large or small, in an agile context.

Course Outcome

Upon successful completion of this course, participants should be able to:

- Understand PRINCE2 governance requirements clearly and comprehensively.
- Gain a broad range of knowledge of agile concepts and techniques including: Scrum, Kanban, Lean Start-up and Cynefin.
- Explore the interface between PRINCE2 and agile ways of working.
